

GENERAL MESSAGE - ICS 213

Incident Name:	BP Whiting Crude Release	Date Prepared:	3-28-14
Incident Location:	BP Whiting 2815 Indianapolis Blvd Whiting, In. 46394	Time Prepared:	1100 Hours

To:	On Duty Liasion	ICS Position:	BP Liaison	Phone:	219-473-2020
From:	Mike Beslow	ICS Position:	EPA OSC	Phone:	312-80-0711

Subject: Oil Impacted Absorbent Boom Chain of Custody

MESSAGE:

Request for detailed chain of custody (COC) and/or BP equivalent for analytical data received at approx 1950 Hours on 3-27-14 from impacted absorbent boom sample.

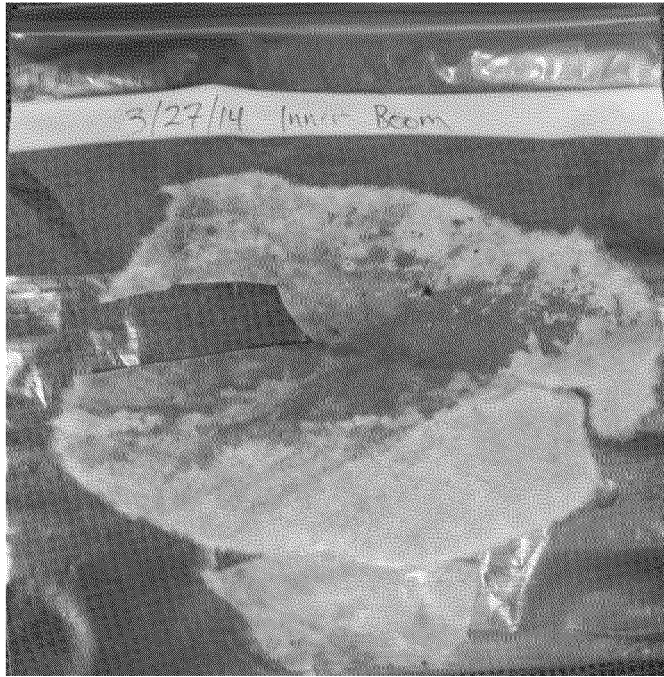

Typical COC information would entail; date and time sampled, samplers name, date and time sample was relinquished, who received relinquished sample; sample matrix; sample location (roll-off number); approximate location of deployed and retrieved boom (if obtainable) and type of sample (i.e. grab, composite).

Name:	Mike Beslow	Phone	312-80-0711	Date	3/30/2014
Position	EPA OSC			Time	12:33 PM

REPLY:

Type of sample: Grab sample of unknown material on adsorbent.
